

SEQUIM EDUCATION FOUNDATION
2019 GOALS
for Teaching Grants

Vision: The Teaching Grants Program, in coordination with other SSD initiatives, creates, enhances, and sustains a climate and culture of vibrancy and efficacy in teaching and learning for Sequim students.

Values: The SEF Teaching Grants Program values and emphasizes activities promoting intellectual curiosity, spirited discourse, risk-taking, collaboration, creativity and innovation, empowerment of student thinking and inquiry.

Key Priorities for 2019:

- interdisciplinary and multidisciplinary topics
- multi-year scope of activities and impact
- value-added applications of teaching and learning tools and resources
- creative ideas that will promote student curiosity and enthusiasm

Anticipated outcomes of the Teaching Grants process:

- enhanced and systematic conversations/communications
- collaboration among teachers, SSD administrators, SSD School Board members, and SEF
- create connections between SSD, SEF and community partners that bring valuable mutual awareness and support
- *and most importantly, learning experiences for students that are:*
 - **meaningful**
 - **inspiring**
 - **teach and support creative thinking and problem solving**
 - **promote intellectual curiosity and a love of learning**
